

Learning from Home:

At Rāwhiti School we use Linewize as a filtering tool and Hapara Teacher Dashboard. Teachers will continue to use these monitoring tools if students are in a remote learning setting (working from home).

We encourage students from Year's 3 to 8 to use their @rawhiti.school.nz Google account.

If students are using a student owned Chromebook or school owned Chromebook they need to sign in with their school Google account. After signing in their Homepage will load.

Students in Papatūānuku, Haumia-tiketike and Tangaroa have their Homepage set as their Learning Site. The Homepage for students in Tāwhirimātea and Tāne Mahuta will have links to each Learning Site. Students from these two studios should have their Learning Site bookmarked.

Click on 'Yes I'm in' A few windows might pop up (just closes these). These are the extensions loading. 'Sync' should be on.

This means any links students have bookmarked will load.

If students go to 'Rawhiti School' Folder they will also see bookmarks to their learning site too.

Turn on sync?

Sync your bookmarks, passwords, history and more on all your devices. You can always choose what to sync in settings. Google may use your history to personalise search and other Google services.
